BAKU-ARTEMA ELECTRIC RAIL LINE NOW IN OPERATION

The new electric rail line between Kala and the island of Artema, in the Caspian Sea, is now in operation.

The electric trains operating on the new route will depart from Kala and, after stopping at the stations of Dubendi and Zire, will pass Damba and then reach the island of Artema. All necessary measures have been taken along the new route in order to serve the workers in the best way possible.

Comfortable stations have been built between Azizbegovskiy Rayon and the island of Artema. With the setting in operation of the new electric rail line, direct electric rail communications have been established now between Baku and the island of Artema.
